

Framing Information

Shirt Framing

Shirts are not just limited to football shirts, although these are the most common. We can frame any clothing.. Here are examples of sport shirts we can frame.

The framing does not have to be confined to the shirt on its own. Other items can be included within the design to tell more of a story, this can include photographs, badges, tickets, programs and other mementos.

Shirt Preparation

Our shirts are framed to conservation standards, a former is inserted into the shirt to hold it stable and give it shape, this is then stitched onto a conservation backing board for framing. All procedures are reversible and no tapes or adhesives are used on the shirt, as these can cause irreversible damage and reduce the shirts value. UV Glass or invisible Art Glass can be used to further protect and enhance

Cost

The cost depends on a number of factors and it is best to visit our studio with the items you want included so we can inspect, measure and determine what process needs to take place.

During the visit you will get to see all the options available including frame, mount and glass choice and we can discuss design layout.

Prices start from £120 and depend on the factors mentioned above.

More examples can be seen on our website www.eaglegallery.co.uk
